The Advantage of a Managing General Agent

The MGA model is different than a traditional broker/insurer arrangement in that an MGA provides specialized expertise in a specific, niche area of business. As an MGA we also offer clients additional and helpful services in the area of risk management, claims and underwriting. And unlike the reciprocal model, a policy issued by an MGA is a full risk transfer vehicle not subject to retroactive assessments but rather a fixed term and premium.

We invite you to work with a partner who is focused on providing a complete insurance program specific to your organization that includes complimentary value added services that help drive down the cost of claims and innovative first to market products and enhancements. You will receive personalized service and expertise from a full-service, local and in-house team of risk management, claims, marketing and underwriting professionals.

As a trusted business partner, we believe in participating in and advocating for the causes that affect our clients. For this reason, we affiliate with and support key provincial and national associations. In order for IPE to be effective in serving you, we, as an MGA, believe in fully understanding your needs, concerns and direction. Our support is delivered through thought leadership, financial resources, advocacy, services, education and more.

Risk Management Services

We are the leader in specialized risk management and place emphasis on helping your organization develop a solid plan to minimize exposure before potential incidents occur. Risk management is built into our offerings for all clients, fully integrated into every insurance program. Our risk management team is comprised of analysts, inspectors and engineers who use their expertise to help mitigate risk. We do everything we can to minimize your exposure before potential incidents occur. This includes providing education, road reviews, fleet reviews, contract analysis and property inspections.

Claims Management Services

Our in-house team of experts has the depth of knowledge, experience and commitment to manage the complicated details of claims that your organization may experience. You deal with the public often in sensitive instances where serious accusations can be made. Your claims are often long-tail in nature and can take years to settle. Some claims aren't filed until years after the occurrence or accident. You want a team of professionals on your side that will vigorously defend your reputation. We understand your risks and your exposures and have maintained a long-term commitment to understanding the complex issues your organization may face so that we can better service your unique claims requirements.

A vested interest in helping you reduce your total cost of risk while providing you with complimentary best in class value-added services that help improve your overall performance.

Advocacy & Municipal Association Support

IPE employees are continually recruited to serve on legislative committees and are aware of changes that will be introduced. We can move quickly to help you begin to modify your policies and procedures to maintain regulatory compliance.

IPE advocates and supports your public entities across the country.

Risk Management

Asset Valuation and Risk Inspections

Inspections provide you with calculated reconstruction costs for insurance purposes and ensure insurance to value. Inspections also analyze potential areas of harm and provide risk recommendations to reduce the frequency and severity of incidents.

Roads & Sidewalks

Road Risk Assessment

Non-repair of road liability claims are costly to defend, result in high court awards and greatly impact a municipality's cost of risk. To help municipalities minimize exposure to non-repair of road claims, road assessments can be employed to review documentation, compliance with the Ontario Traffic Manual, adequacy of policies and procedures and select road segments.

Sidewalk Services

Our sidewalk consulting services can help to reduce the frequency of falls on your sidewalks.

Driver Education

Fleets and individual drivers can receive comprehensive driver education through the use of seminars, tools and guidelines that assist with everything from pre-employment checklists and driver management policies to defensive and cooperative driving education.

Fleet Management Evaluation

Have your municipality's fleet risk management practices evaluated. Topics for review include: management structure with the fleet, areas of operation/travel, driver training/hiring practices and loss control management.

MMS Compliance

Our Minimum Maintenance Standards (MMS) compliance analysis focuses on reviewing your policies/procedures/ documentation and comparing these to the required standards set under the MMS as well as the best practices developed by the Ontario Good Roads Association

Municipal Education

We develop and provide customized sessions on specific risk issues for your municipality. These customized sessions can be tied to a claims review, documentation review, policy & procedure review or any risk issue facing your municipality.

We provide training on any topic of your choosing and can be offered either in-person or virtually. The sessions will be developed and delivered by specialists in the field and are recorded and made available to you so your managers can use them at any time to train new staff or as a refresher for existing staff.

Reviews & Analysis

Contract Reviews

This complimentary service is among our most popular because a third-party contract review can make a substantial difference. You'll receive valuable feedback and insight from a Paralegal on the suitability and effectiveness of liability provisions and insurance clauses in contracts and agreements.

Policy and Procedural Reviews

Includes an audit of systems and processes to reduce potential losses within your organization. Reviews focus on identifying gaps or inconsistencies between written policies and procedures, operational procedures and current legislation. The review also includes a claims analysis to identify trends, patterns and adherence or its lack of to the written operational policies and procedures.

Risk Management Centre of Excellence

The IPE [Risk Management Centre of Excellence](#) is an online resource that provides clients with the information and tools needed to manage a myriad of risk issues. The Centre of Excellence is the hub for articles, information, case studies, and useful templates that can transform your municipality's risk management results. The Centre of Excellence is available 24/7 and is continually updated with timely and relevant content.

Changes in information and coverage may also result in premium changes.

NOTICE OF WORDINGS AND FORM CHANGES

PLEASE READ YOUR POLICY CAREFULLY

Throughout this notice we mention both a Trade and Economic Sanctions Clause and a Choice of Law and Jurisdiction Clause.

Trade and Economic Sanctions Clause - The purpose of the Trade and Economic Sanctions clause is to prevent coverage under a policy which could expose an Insurer to a breach of economic trade or sanctions.

Choice of Law and Jurisdiction Clause - This has been added to the Statutory and Additional Conditions Forms which states that the policy is governed by the laws of Canada and any suit or action against the Insurer must be brought in competent jurisdiction in Canada.

These clauses have either been built into the GNGX3569 General Conditions and Statutory Conditions of Ontario, New Brunswick, Nova Scotia, Prince Edward Island and Newfoundland form, the GNGX3755 General Conditions and Statutory Conditions British Columbia, Alberta, Manitoba, Northwest Territories, Nunavut, Saskatchewan and Yukon form **or** the base wording.

If you have the coverages below on your policy, changes are as follows:

Liability, Errors and Omissions, Malpractice, Environmental

We have added standard Statutory and Additional Conditions to your policy. With these changes, if there are conflicting conditions within the wording we have added a clause that states:

It is agreed that if there is any conflict between these conditions and conditions or terms shown elsewhere in the policy, any conflict will be resolved in favour of the Named Insured. If there are parts of a condition that is found to be invalid or against statute, it will not be enforced but the remainder of the condition (that isn't in conflict with statute) will remain in effect.

To accommodate the new General and Statutory Conditions, new cancellation clauses have been implemented. There is no change in intent to these cancellation clauses, they provide 15 days' notice of cancellation by the Insurer in the event of non-payment and the same number of days you previously had on your policy for cancellation due to any other reason by the Insurer. The Insured may cancel at any time.

Conflict of Interest, Crime and Accident

Municipal & Public Administration Errors and Omissions Liability Coverage Highlights

Municipal & Public Administration Errors and Omissions Insurance

Municipal & Public Administration Errors and Omissions Insurance (E&O) Coverage protects risks from civil litigation caused by allegations of professional negligence or failure to perform professional duties. E&O focuses on providing coverage when there is financial loss to a third party (rather than bodily injury or property damage as general liability does).

Features

| | |
|----------------------------|--|
| Limits | Typically limits follow that of our Liability. We have the availability to offer up to \$50,000,000. |
| Defence Costs | Over and above the Limit of Insurance. Whether a potential claim is baseless, or not, mounting legal expense can have serious monetary consequences for an Insured. |
| No Annual Aggregate | With higher out of court settlements and increased damage awards, large or even a series of small claims can quickly erode an annual aggregate limit. |
| Claims Made Policy | Pays for claims occurring and reported during the policy period. Our policy provides retroactive coverage (no date need be specified) and stipulates that a claim is first known only when written notice is first received. |
| Claims Definition | The definition of claim also includes arbitration, mediation or alternative dispute resolution proceedings. |
| Insured Definition | Includes Councilors, Statutory Officers, Council Committees, Firefighters, Employees and Volunteers. |

Coverage Is Provided For Unique Exposures

| | |
|---------------------------------------|--|
| Insurance | No exclusion for failure to procure or maintain adequate insurance bonds or coverage (e.g. construction projects). |
| Benefit Plans | Errors or omissions in administering Employee Benefit Plans are covered. |
| Misrepresentations | Municipal governments are required to provide information with respect to local matters and must ensure the information which is provided is accurate, true and not misleading. Our definition of a Wrongful Act covers misstatements or misleading statements |
| Other Specialists and Services | Covers errors or omissions when they are rendered in connection with operations that are typical of public sector such as those of building inspections, zoning, planning, developing or regulating by-laws. Officials and employees acting in good faith are often times the subject of lawsuits. |

Non-Owned Automobile Coverage Highlights

Overview

Non-Owned and hired automobile liability insurance covers bodily injury and property damage caused by a vehicle not owned by the Insured (including rented or borrowed vehicles). Coverage is provided for Third Party Liability arising from the use or operation of any automobile not owned or licensed in the name of the Insured if it results in bodily injury (including death), property damage (if the property was not in possession of the Insured) to a third party.

Features

SEF No. 96 Contractual Liability:

- When renting a vehicle you engage in a contractual relationship with the rental company where you assume liability for the operation of the automobile. It is therefore important that contractual coverage is added to the policy by way of an endorsement known as SEF (Standard Endorsement Form) No. 96. Contractual Liability coverage is automatically provided for all written contractual agreements with our Non-Owned Automobile coverage.

SEF No. 99 Long Term Lease Exclusion:

- When Contractual Liability is provided under the policy there is also an exclusion for Long Term Leased vehicles SEF No. 99. This excludes coverage for vehicles hired or leased for longer than a certain period such as 30 days.

Territory:

- The Non-Owned Automobile policy provides coverage while in Canada and United States.

Termination Clause:

- The standard termination clause has been amended in that the Insured may still provide notice of cancellation at any time, however, the Insurer must provide ninety days' notice of cancellation to the Insured rather than the standard 15 or 30 days.

SEF No. 94 Legal Liability (Physical Damage) to a Hired/Rented Automobile:

- We automatically provide coverage for damage to a vehicle that you have hired or rented. Coverage is provided via endorsement SEF No. 94. We automatically provide 'All Perils' coverage. The limit of coverage will vary per client.

Additional Information

Courts have repeatedly held that when an automobile is used on a person's behalf or under a person's direction, that person (or entity) has a responsibility for the operation of the automobile and may be held liable for damages in the event of an accident even though he or she is not the owner or driver of the vehicle. This common law principle has been supported by a number of court decisions making an employer responsible for the use and operation of an automobile when an employee is operating an automobile (not owned by the employer) while being used for the employer's business.

Environmental Coverage Highlights

Overview

Pollution incidents are a significant risk that can result in serious harm to public health and safety as well as to the environment.

We provide pollution liability insurance for claims for third-party bodily injury and property damage. Coverage is provided on a blanket basis resulting from pollution conditions on or migrating from premises owned, occupied, rented or leased by the Insured that are discovered and are reported during the policy period. The policy responds to events that are gradual in nature as well as those that are sudden and accidental, causing third-party damage whether pollutants are released on land, into the atmosphere or in the water.

Features

Defence Costs

- Our Defence costs are over and above the limit of insurance and will respond even if allegations are groundless or false.

Storage Tanks

- Seepage or leakage from both above and below ground storage tanks are covered without being specifically listed on the policy.

Territory

- Worldwide territory.

Limits of Insurance

- Both a 'per incident' and an 'aggregate' limit is applicable.

Additional Information

Environmental exposures pose an imminent and substantial threat to public health, safety or welfare or to the environment. Exposures could stem from: wastewater treatment plants, electric utility plants, construction sites, flood and rainwater runoff or retention basins, underground fuel storage tanks, herbicides, pesticides, and fertilizers, road salts and chemicals used to de-ice roads and bridges, contaminated waste from medical facilities or health clinics, marina's, fire-fighting chemicals or even contaminated swimming pools.

An environmental exposure arising from sewers is covered under our liability.

Conflict of Interest coverage provides protection for the cost of legal fees and disbursements in defending a charge under the Municipal Conflict of Interest Act (or other similar Provincial Legislation in the respective province of the Insured).

Features

- Coverage provided on a Reimbursement Basis.

Coverage Description

Coverage is provided for legal costs an Insured incurs in defending a charge under the Provincial Conflict of Interest Act if a court finds that:

- There was no breach by the Insured; or
- The contravention occurred because of true negligence or true error in judgment; or
- The interest was so remote or insignificant that it would not have had any influence in the matter.

Additional Information

Coverage is provided for elected or appointed members of the Named Insured including any Member of its Boards, Commissions or Committees as defined in the 'Conflict of Interest Act' while performing duties related to the conduct of the Named Insured's business.

Property Coverage Highlights

Overview

Property insurance is about planning for the unexpected and protecting your physical assets in order to minimize your business disruption should a loss occur. It is important that your property insurance includes broad coverage to protect these assets (e.g. buildings and other property you own, lease or are legally liable for) from direct physical loss.

We will work closely with you to customize a property coverage solution. We cover a wide variety of property, including buildings, inventory and supplies, office furniture and fixtures, computers, electronics, equipment (including unlicensed mobile equipment, maintenance and emergency equipment) and other unique property.

The IPE property wording is flexible and adaptable. Your policy will be comprised of a Base Property Wording and a Municipal & Public Administration Extension of Coverage Endorsement as well as any miscellaneous or specific endorsements to tailor coverage to meet your needs.

Features and Benefits

Features and Benefits include:

- Coverage is typically written on an all-risk basis including replacement cost.
- Our standard practice is to write property on a Property of Every Description (POED) or blanket basis, however, coverage can be scheduled separately if required.
- We have two Deductible Clauses: A standard Deductible Clause and a Dual Policy Deductible Clause. The Dual Policy Deductible clause states how a deductible will be applied when there is both an automobile policy and a property policy involved in the same loss (when both policies are written with IPE).
- Worldwide Coverage
- Unlicensed Equipment (e.g. Contractors Equipment): Automatically includes Replacement Cost as the basis of settlement up to five years in age. For years 6 to 15 coverage will be amended to scheduled, Replacement Cost value. Any Contractors Equipment over 15 years will be amended Actual Cash Value (ACV) or Valued basis if required (applicable only if the Insured owns the unlicensed equipment).
- Flood and Earthquake coverage are available.

Supplemental Coverage Under the Base Property Wording

The Base Property Wording automatically includes numerous Supplemental Coverages such as:

- Building Bylaws
- Building Damage by Theft
- Debris Removal Expense
- Electronic Computer Systems
- Expediting Expense
- Fire or Police Department Service Charges
- First Party Pollution Clean-Up Coverage

- Professional Fees

- Property Temporarily Removed including while on Exhibition and during Transit

Commercial Follow Form Excess Liability Coverage Highlights

Overview

Excess liability coverage provides an additional limit of insurance coverage over and above the limits of insurance afforded under the applicable underlying insurance. An excess policy offers you additional insurance protection over and above the limits of your underlying policy. Example if your underlying policy has an occurrence limit, an excess policy can provide additional protection in event of a catastrophic loss. It can provide added protection if an aggregate limit on an underlying policy has been exhausted.

The follow form excess policy typically “follows” the insuring agreements, exclusions, and conditions of the underlying policy. This means that we not only provide additional limits of liability over the primary liability policy, but such coverage matches the underlying policy (except in instances where an endorsement has been attached amending coverage).

We offer a layered structure when writing excess coverage. We provide **primary** insurance policies to a maximum limit of \$15,000,000 on the casualty policies (Liability, E&O, Miscellaneous Professional Including Bodily Injury or Claims Made Malpractice coverage (depending on your policy), Non Owned Automobile and Owned Automobile including garage coverage).

We have the ability to provide excess coverage over all classes of business where the primary policy is written by Intact Public Entities. We also have the capacity to provide you with exceptionally high excess limits to meet your needs.

Coverage Specifics

- Coverage will attach in the event of exhaustion of underlying insurance (unless specifically shown in your policy documents).
- This coverage is subject to the same terms, definitions, conditions, exclusions and limitations of the applicable underlying insurance (except as otherwise stated in your policy). This feature provides the flexibility to provide excess limits over a number of different types of policies.
- Our Declaration Pages/Schedules of Coverage clearly identify underlying coverages that the excess coverage is written over.
- Underlying insurance is required to be maintained in full force and effect for excess coverage to apply.
- Prior and Pending Litigation is expressly excluded from coverage.
- Incident is a defined term and means an occurrence, accident, offence, act, or other event, to which the underlying insurance applies.
- S.P.F. 7, Standard Excess Automobile policy or the applicable form applies for any automobile coverage.
- Where an aggregate limit is stated in the Declarations pages, it will apply separately to each consecutive annual period and to any remaining period of less than twelve (12) months.
- Coverage can be tailored to your individual circumstances by way of endorsements.

Fiduciary relationships may be created by statute however; individuals may also be deemed fiduciaries under common law.

Residential Trust Fund Coverage (for Select Classes of Business Only)

Coverage is for loss directly attributable to fraudulent act(s) committed by an employee of the facility whether the employee was acting alone or in collusion with others.
- A residential facility comprises a wide range of facilities and includes any residential facility operated for the purpose of supervisory, personal or nursing care for residents.
- Coverage stipulates that the 'resident' must be a person who is unable to care for themselves (this could be due to age, infirmity, mental or physical disability).
- When a resident is legally related to the operator of the residential facility, coverage is specifically excluded.

Credit Card Coverage

Coverage is for loss from a third party altering or forging a written instruction in connection with a corporate credit card issued to an employee, officer or partner.

Client Coverage (Third Party Bond)

Fraudulently Induced Transfer Coverage

Coverage is provided when an Insured under the policy has been intentionally misled by someone claiming to be a vendor, client or another employee of the company and the Insured has transferred, paid or delivered money or securities to this third party.

Fraudulently Induced Transfer Endorsement Coverage Highlights (Social Engineering)

Overview

Fraud today has become much more sophisticated and complex with Fraudulently Induced Transfer Crimes (otherwise known as Social Engineering) trending in today's marketplace. In response to this trend we now offer a Fraudulently Induced Transfer Endorsement as part of our suite of Crime Coverage.

These types of crimes are usually a targeted approach where criminals are after something definite from the target, either money (usually in the form of a wire transfer) or information (such as a list of vendors, routing numbers, etc.). Often times communications are sent to an employee (most often via email, telephone or a combination of the two), which are doctored to appear as if they are sent by a senior officer of the company or by one of its customers or vendors. Essentially criminals prey on human and procedural vulnerabilities. The standard crime coverage does not respond to these types of losses as an employee of the organization has voluntarily parted with the money or securities and would be considered an active participant in the loss.

Example 1

Instructions to an employee supposedly coming from a vendor or customer are often accomplished by informing the employee that they have changed banks and require the company to use the new banking information for future payments.

Example 2

Instructions to an employee supposedly coming from an internal source (e.g. senior staff) to bypass in-house safeguards and redundancies, criminals apply pressure by imposing a time constraint, demanding secrecy or simply flattering the ego of the target by including him or her "in" on an important business transaction.

Fraudulently Induced Transfer coverage is an optional endorsement that may be purchased. Coverage is subject to a satisfactory supplementary application being completed.

Fraudulently Induced Transfer Losses, Cyber Losses and Current Crime Policies

Even though this fraud often involves emails and wire transfers, cyber policies are not designed to cover them:

- Cyber policies cover losses that result from unauthorized data breaches or system failures. Fraudulently Induced Transfer actually depends on these systems working correctly in order to communicate with an organization's employees and transfer information or funds.
- Crime policies cover losses that result from theft, fraud or deception. As the underlying cause of a loss is 'fraud', a company would claim a loss under its crime policy rather than its cyber policy. Without this endorsement, coverage would be denied under a crime policy due to the Voluntary Parting Exclusion.

Fraudulently Induced Transfer Endorsement Features

- Coverage is provided when an Insured under the policy has been intentionally misled by someone claiming to be a vendor, client or another employee of the company and the Insured (employee) has transferred, paid or delivered money or securities to this third party.
- Fraudulently Induced Transfer is defined as: The intentional misleading of an employee, through misrepresentation of a material fact which is relied upon by an employee, believing it to be genuine to voluntarily transfer funds or valuable information to an unintended third party.

Limits and Deductible

The Fraudulently Induced Transfer Endorsement is subject to:

- Separate Limits of Insurance (both an Occurrence and Aggregate);
- A separate deductible;
- Limits ranging from \$10,000 - \$100,000.

Remotely Piloted Aircraft Systems (UAV) Coverage Highlights

Overview

- Transport Canada is responsible for regulating UAV's. Their terminology for UAV's (Unmanned Aerial Vehicles) has changed and these are now considered to be Remotely Piloted Aircraft Systems (RPAS) rather than UAV's. Regulations regarding operator licensing has also changed.
- Liability or property policies can be enhanced with endorsements to cover RPAS. Coverage may be available when operators are in compliance with current regulations. Coverage offered is intended to close the gap in liability and property insurance because of aviation exclusions.

Property Coverage

- Property: (Optional Coverage).
- All Risk Coverage for the RPAS including all permanently attached equipment and Ground or Operating Equipment (including any detachable equipment such as cameras etc.).
- Coverage includes electrical and mechanical breakdown.
- Basis of settlement options include: Replacement Cost, Valued Amount or Actual Cash Value.
- **In addition to the standard exclusions within the Property All Risk Wording, the following exclusions also apply:**
- Those used for military purposes, personal or recreational use.
- Those being rented to, leased to or lent to others.
- Mysterious disappearance after commencement of a flight unless RPAS remains unrecovered for 30 days.
- If they are not in compliance with the manufacturer's specifications (e.g. the weight payload) is exceeded, when operated in wind at a higher speed than recommended etc.).
- RPAS must not exceed 500 meters in altitude or the range of 1km from the operator.
- Hijacking or unauthorized control of the RPAS or Equipment.
- Failure to comply with any statute, permit, rule, regulation or any requirement for qualification to operate the RPAS or the equipment.

Liability Coverage

- While Transport Canada mandates a minimum amount of insurance (\$100,000), coverage will follow the liability limit up to \$15,000,000. Higher limits may be available.
- We will extend liability to RPAS.
- Having a range of up to a maximum of 1km from the operator.
- With an altitude of 500 metres or less.
- Operators meeting all Transport Canada regulations.
- Not being used for military purposes, personal or recreational use.

Important Information

While our endorsements are primarily designed to offer coverage RPAS 25kg or less, we may be able to offer coverage for those falling outside of these parameters through our general aviation market.
