

GRAND VALLEY

Town of Grand Valley Operating Budget 2025

Transfers

- Given budget pressures, no transfers are included in the 2025 budget.

Second Draft comments:

- No amendments were made

Final Draft

- In light of reductions made to other expenses, Council directed that a capital levy contribution be considered. \$50,000 placed in budget, representing approximately 1% of levy to go toward future capital projects. It is proposed that this either be added to the Luther Road infiltration project budget or to start the asset management reserve.
