**Subject:** Grand River CA's Annual Report on 2025 Watershed Services

Greetings:

The Grand River Conservation Authority's (GRCA) vision is of a healthy watershed that connects, strengthens and sustains resilient communities. To help achieve that vision, the GRCA delivers watershed services to twenty-two participating municipalities under Memorandums of Understanding. These non-mandatory programs are in addition to those mandated under the *Conservation Authorities Act*.

The GRCA is pleased to provide the appended annual report on watershed services provided in 2025. The watershed services consist of watershed sciences and collaborative planning, water quality monitoring and reporting, wastewater treatment optimization, conservation services, and subwatershed services.

A meeting to conduct an annual review of the Memorandum of Agreement and program accomplishments is available upon request to Eowyn Spencer, Supervisor of Administrative Services ([espencer@grandriver.ca](mailto:espencer@grandriver.ca), (519) 621-2763 ext. 2200).

Kind regards on behalf of,

[Samantha Lawson \(she/her\)](#)

Chief Administrative Officer
